

# Queen of Hearts

Every Thursday evening at 7:00 p.m., there is a new drawing using new tickets for the Queen of Hearts.  
See below for details.

## What is the Queen of Hearts game?

This is a weekly progressive raffle. Players participate by purchasing a ticket at the bar; tickets are \$1 each or 6 for \$5. A player can buy as many tickets as he/she likes. The player must write his/her name and telephone number on the back of the ticket(s) along with the corresponding number of the card in the display case to be chosen on their behalf if their ticket is drawn. The ticket(s) will be drawn every Thursday evening with new tickets being used each week; the prior week's tickets will be disposed of after the drawing. One ticket will be drawn weekly.

If the player is present and his/her ticket is drawn, he/she can choose a card on the board. The amount of money you win depends on the card that is chosen – see below:

- Any 2, 3, 4, or 5 wins \$10
- Any 6, 7, 8, or 9 wins \$20
- Any 10, Jack, or King wins \$40
- Any Ace wins \$60
- Any Joker wins \$80
- Any Queen (except the Heart) wins \$100
- Queen of Hearts wins the pot

**Player must be present to win the entire prize amount. Player must present Photo I.D. and ticket stub to claim prize.**

If a player is not present, the Game Administrator may choose a card for that person using the number that is written on the ticket stub. The non-present player will be awarded half of the prize amount for the chosen card; the other half of the prize amount for that card will remain in the pot. In the event that a raffle ticket is chosen and there is no number written on the stub, the next available card on the board will be chosen. *A name and phone number must be on the ticket for contact.*

Remember there is a new drawing every week using new tickets; after each drawing, the non-winning tickets are thrown away.
